

We're all about heart.

You've heard the statistics on heart disease, the #1 killer in the United States. That means 1 out of 3 people have heart disease, often without even knowing it. What about you?

Trident Health invites you to get to know Palmetto Cardiovascular.

Dr. James Benner and Dr. Charles Roberts lead a cardiovascular surgery team that puts your heart at the center of what they do every day. Their practice will develop a treatment plan designed specifically for you. It will include evaluating the extent of cardiac damage, pinpointing problem areas and executing strategies to mitigate and/or reverse cardiac damage. Take control of your health, call today.
